We Appreciate Your Help

The co-operation extended to members of the Memphis Automobile Dealers' Association in the Sunday closing movement is greatly appreciated.

Members of the association, believing in the justice and fairness of their resolve, do not open their salesrooms on Sunday.

They believe the business of selling automobiles to be an honest one when pursued upon honest lines.

Members of the association stand for clean, ethical business methods and value to their patrons.

They believe all honest mercantile institutions can conduct a successful business in six days of each week.

That the public also believes these things is shown by the co-operation lent to Sunday closing,

It is appreciated.
